Sir:

Attached is Form PTO-1050 correcting the inventorship of the above-identified patent. Since certain originally-filed claims were cancelled before issue, some the originally-named inventors are no longer responsible for any matter in the patent. The face of the patent at item (75) should therefore read, -- (75) Inventors: Miguel Santiago, Claremont, CA (US); Jeff McKenzie, Blue Jay, CA (US); Steven C. Renquist, Chino Hills, CA (US) --. Inventors Peter Janku, Hyok Lee, Steve K. Kish, James T. Wright, III and Chad McCormick should be removed.

It is believed that this correction is of a minor character and does not involve changes that constitute new matter or require reexamination. Additionally, the only change requested in the present patent is to correct the inventorship. It should be further noted that all parties are in agreement regarding inventorship of the present patent and that the present inventorship is not contested.
